

GELDING STATEMENT

A gelding still listed as a stallion on AQHA records at the time show results are processed will be disqualified in accordance with AQHA's Official Handbook. This will result in a fine being assessed to show management. AQHA should be notified, in writing, when a registered American Quarter Horse has been gelded. The exhibitor/owner should complete the statement below for a horse which needs to be updated on AQHA records. This gelding statement must be submitted with show results. Show management will stamp the certificate of registration at no charge. If the original certificate is not available at the show, the owner will need to return it to AQHA for proper notation of the gelding status.
